To Whom it May Concern

Etiniq Co. Ltd has set up a new franchise store for the Chateau de Sable label in Bangkok. We had a large initial shipment of garments from our principal, and Dawn Shipping (Thailand) was highly recommended to us as a logistics service provider from one of our business contacts.

We are most pleased with the collaboration with Dawn Shipping (Thailand). Not only have they provided us excellent service and fast response time, they have also been very patient to explain to us in detail the process of Thai customs clearance. As a new company in Thailand, we obviously experienced some initial problems with the customs office. Robin Loh and Ms Kwang from Dawn Shipping (Thailand) were always ready to go the extra mile to resolve issues and propose alternative solutions.

We are happy to continue using the services of Dawn Shipping (Thailand), and in fact we have recommended them to the Chateau de Sable HQ in Singapore.

Sincerely,

Marcel Wismer
